Water and waste: memorandum of understanding on regulation between ARERA and the Portuguese Authority

Milan, 14 February 2019 - To launch the collaboration between ARERA and ERSAR, the Portuguese Regulatory Authority with wide experience in environmental regulation, to share best practices and to promote the role of economic regulation at European and international level in the water and waste sectors. This is the purpose of the *Memorandum of Understanding* prepared by the two Regulators on the occasion of the 17th General Assembly of WAREG - European Water Regulators. The five-year agreement represents an important opportunity for the exchange of experiences in the implementation of the economic and legal analysis of the procedures for the monitoring of the regulated subjects.
